Kuvings Juice Cleanse

Clean and Healthy food revitalizes your body and enhances your skin. Is it possible to cleanse one's body with a glass of juice? Kuvings recipes provide different types of detox juice and smoothies that will help you to cleanse your body on an everyday basis.

"Kuvings Juice cleansing program" focuses on a juice diet with raw food that has detox effects and changes your eating habits. Fruits and Vegetables are essential to our bodies. If you drink them in juice or smoothie form, the body absorption rate of nutrients increases and digestion is much easier.

If losing weight is never easy and seemed impossible for you and if you want to have a healthy diet with a detoxifying effect, start your Kuvings juice cleansing program now. You can enjoy a raw food diet that allows you to cleanse your body naturally while experiencing pleasant changes in your body.

Let the Kuvings Juice cleansing program rejuvenate your beauty and health. Make your life style more active with a glass of fresh juice.

What is Kuvings Juice Cleanse?

Drinking a fixed amount of juice at a certain time every day, it not only detoxifies your body, but also lowers your body weight and rejuvenates your beauty. It's not about losing few pounds in few days, but rather improving your physical condition by changing your eating habits.

Give up all the junk food with toxic ingredients and control your appetite. Be aware that people may experience some side effects on the first day or two (period that body releases toxins) but it will go away eventually. Escape the monotony of a boring diet, Kuvings Juice Cleansing program offers over 70 juice recipes, and 35 smoothies, sorbet, and cocktails to enjoy.

The most important thing about the cleansing program is your will to accomplish your goal. Don't forget that the fundamental cause of obesity is bad eating habits and life style.

Change your life style and bad eating habits in order to live a happy life with a healthy body. There is only one thing you need to do, make a realistic detox plan. Don't forget if you have the will to do it, this program will help you to be healthy and recuperate your body every day.

Kuwings Juice Cleanse Program

1. Juice diet only

Drink 350ml of juice 6~7 times a day without eating any food for up to 7 days. Drink water or tea, and intake a handful of nut products inbetween.

2. Juice diet + Meal

Drink 350ml of juice 4~5 times a day and have one meal (preferably protein/vegetable oriented). This can go for up to 7 days. Drink water or tea, and intake a handful of nut products inbetween.

Choose either option 1 or option 2, and start your diet without any pressure. Make sure to check the taste and efficacy of the juice before you start. It's very important to change your diet gradually.

*If you want to extend the Juice cleansing program for more than 15 days, please consult with your doctor first.
